

# Background & Contributors

Data reflected in this brief was collected as part of the LRA Crisis Tracker, a project of Invisible Children + The Resolve LRA Crisis Initiative. The Crisis Tracker is a geospatial database and reporting project which aims to track incidents of violent conflict in areas of Central Africa affected by the Lord's Resistance Army. Through publication of regular reports and open-source sharing of collected data, the LRA Crisis Tracker aims to help overcome the current deficit of relevant and timely information related to the LRA crisis and to support improved policy and humanitarian responses.

In the interest of continually strengthening the LRA Crisis Tracker dataset, The Resolve and Invisible Children welcome new sources of current or historical reports of LRA activity. To contribute information to the LRA Crisis Tracker project, please contact The Resolve at [paul@theresolve.org](mailto:paul@theresolve.org).
